### *Agency releases video*

The Board of Directors of the Municipal Assessment Agency is pleased to announce the release of a video presentation "Property Assessment: A Cooperative Approach." The video provides an orientation to the property tax system in Newfoundland and Labrador and is the next step in the Agency's continuing education process. Copies of the video have been distributed to all client municipalities. As required by legislation, municipalities will be conducting an election for council on September 25, 2001. Municipalities are encouraged to include the video as part of their orientation process for the new Council following the municipal elections.

The Municipal Assessment Agency provides real property assessment services to 231 municipalities across the province.
